

“The worlds leader in quality, affordable Teleprompters!”

Teleprompter Software & Teleprompter Hardware

We know teleprompter hardware and teleprompting software—it is our main business. We manufacture every teleprompter that we sell, and our products are built out of high grade aluminum or steel and are proven to be durable. Our software is the best possible prompting software on the market. You can click here to download ZaPrompt Pro and try it free for 30 days. As experts in the teleprompter business and will gladly help you pick the teleprompter that best suits your teleprompting needs.

TRITON T19B Teleprompter Package

Introducing the TRITON™ T19B Teleprompter system which includes the TRITON T19H Teleprompter Head Assembly and the Triton™ TS1560 Sled System. As a leader in the Teleprompter industry we realize the importance of adapting our design to suit our customers changing needs. Over the past several month we have been quietly designing this new product and we now are proud to introduce our crowning achievement, the Telmax Triton Series Teleprompter, the most sophisticated, sleek, versatile teleprompter ever created.

Telmax GS17-R 17 inch Teleprompter

One of our most successful selling products, the Telmax GS17-R could be the perfect product for you. What separates the product from others is its size. With a 17" monitor and a large 14" X 16" Beamsplitter mirror you will be able to read from a greater distance than the GS-11, or GS-15. When you own the Telmax® GS17-R Teleprompter, you own one of the most robust, intuitive, and functional products of its type. You can find this amazing product in use all around the world.

TELMAX TSP19

Introducing the NEW Telmax® TSP19 presidential style teleprompter; The TSP19 features our re-designed proprietary Mirror Lock system, which was designed to give the best grip possible on the BeamSplitter mirror. Once the mirror is tightened into the mirror clamp, it will not move.
